AVIGILON™

Trusted Security Solutions for the Retail Industry

Avigilon designs, develops, and manufactures video analytics, network video management software and hardware, surveillance cameras, and access control solutions.

How We Can Help Retail Store Operations

Our complete security solutions provide clear, high-definition video and an intuitive video management software to help improve your Loss Prevention's operational efficiencies.

Discreet Security — Low-profile design and high megapixel imaging helps detect incidents clearly and inconspicuously without deterring from the shopping experience.

Plug and Play — Avigilon cameras deliver exceptional image quality right out of the box, and seamless integration with our ACC™ video management software to significantly reduce installation and configuration costs.

Powerful Search — Our ACC software enables operators to quickly locate a person or vehicle of interest and missing objects to improve incident response times and enhance forensic investigations.

Efficient Bandwidth Management — HDSM SmartCodec™ technology works with our High Definition Stream Management (HDSM)™ technology to significantly reduce bandwidth and storage needs, while lowering your network load.

Why Avigilon?

- Designed and manufactured in North America with a commitment to quality.
- Extensive customer service before and after installation.
- Complimentary software training through online and instructor-led courses.
- 24/7 technical support by phone or online chat.

Avigilon Solutions for Retail Stores

Avigilon surveillance cameras maintain high image quality while providing efficient bandwidth management.

- **Avigilon H4 SL camera line** enables out-of-the-box convenience in 1-3 MP resolutions.
- **Avigilon H4 Mini Dome camera line** offers discreet security with exceptional image detail in 1-3 MP resolutions.
- **Avigilon H4 Fisheye camera line** provides 360° panoramic view with no blind spots in 6 and 12 MP resolutions.

Avigilon analog video encoders are a cost-effective way to easily migrate your legacy analog system to a network-based IP system for a true hybrid solution.

Avigilon Control Center (ACC) easy-to-use management software allows you to quickly review live or recorded footage over your mobile network to report on a wide range of low to high priority incidents.

Avigilon HD Video Appliances provide a network switch, workstation, server and storage, all integrated into a single cost effective, easy-to-install security solution.
